

# ARE YOU READY TO TAKE THE LEAD?

The Linde Group is known as one of the world leaders in gases, engineering and healthcare. We operate in more than 100 countries across the globe and generated revenue of 17.113 billion euros in 2017. But what makes us great is our people, because they make great things happen. Guided by integrity, Linde employees take pride in what they do, because they know it makes a real difference to our customers. They are empowered to turn a challenge into an opportunity to learn and grow. This is how they take the lead, every day.

## Project Logistics Manager

The new Tallinn Office is an additional key location within the Linde Engineering (LE) Division.

### What you will enjoy doing:

- Plan, implement & monitor Supply Chain/Logistics operations for LE global projects.
- Prepare, initiate & evaluate global tendering for logistics services.
- Communicate with suppliers & internal departments to achieve best supply solution to ensure deliveries in time, budget & quality.
- Streamline shipping and transportation processes, identify process bottlenecks & suggest solutions for improvement.
- Meet cost, productivity & timeline targets by continuous improvement.
- Prepare & coordinate packing & shipping of goods incl. data administration in SAP.
- Plan & track the shipments.
- Utilize logistics IT to optimize procedures.
- Prepare accurate and timely reports to management.

### What makes you great:

- University degree in logistics.
- Proven experience as logistics manager preferably in the field of international plant engineering/large scale projects.
- Excellent knowledge of transport/shipping related laws & regulations.
- Ability to work independently in a fast-paced environment.
- Decision making ability.
- Computer-savvy with a working knowledge of logistics software/SAP.
- Great communication, interpersonal & intercultural skills.
- English – fluent both written & spoken, German – advantageous.

The recruitment process is managed by our partner HR factory.
